

Women's Political Empowerment Day Celebrations 2019

An integral part of the Institute's study, research and activities is conducting Women's Political Empowerment Day celebrations every year. This is being organized to mark the 73rd Constitution Amendment, which became part IX of the Constitution on 24 April 1993 with its provision of not less than one-third seats reserved for women. Delegations of elected local government women representatives from SAARC countries also participate in the programme.

The 25th Women's Political Empowerment Day Celebrations is on the theme: "Panchayats in Disaster Management", which will be held at the Abdul Nazir Sab Hall of the Institute on 24-25 April 2019. On this occasion, Outstanding Women Panchayat Leaders' Awards will be given to distinguished women panchayat leaders nominated from various States of India.
